She requested Barbara Payne to precide over the opening ceremony. Barbara was gracious to accept. Karen said she would like to start the games about 9:45am. with lunch at noon. The lunch would include hamburgers, salad,beans,and chips. Promotion of the event and advertizing will be covered by the rotary. The commission agreed to combine a health fair with the senior games, again this year. Vendors are to bring their own tables. Set up time to be 9:00am. lasting until noon. Cheryn suggested we try to get local hair salons to offer hair cut discounts. We decided to try this along with contacting other local identites. Aggie assigned commission members other various possible vendors to contact. It was agreed that if any of the vendors were to be selling at their table there would be a $15.fee. The proceeds would go to assist the senior meal program.

Adult& Ageing Commission Report

Barbra Payne reported on the meeting she attended the previous day. It was pointed out that the Department of Human Services has been hit hard by the budget. The only thing left to assist is nutrition. She said,there was on going complaints in reguards to the transportation services. Mainly there is too much notice time required prior to transportation need. There is also long wait times. Other items mentioned was the amazing fact that we only have one safe house in all of Sacramento. Also we should note that

May is older American month.
